

Recent Advances and Applications in Nonlinear Science

Supported by the 21st century COE program :
“New mathematical deployment center to support scientific technology”

Graduate School of Mathematical Sciences
The University of Tokyo

16 October ~ 19 October 2006

Invited Speakers :

S. Carstea (INPE, Bucharest)	J.C. Mota (Universidade Federal do Ceará)
Y. Charon (Université de Paris VII&XI)	Y. Nakamura (Kyoto University)
C.J. Chyan (Tamkang University)	J.J.C. Nimmo (University of Glasgow)
B. Dorizzi (INT, Paris)	K. Nishinari (The University of Tokyo)
C. Gilson (University of Glasgow)	Y. Pomeau (Ecole Normale)
B. Grammaticos (Université de Paris VII & XI)	A. Ramani (Ecole Polytechnique)
J. Hietarinta (University of Turku)	J. Satsuma (Aoyama Gakuin University)
N. Joshi (University of Sydney)	W. Strampp (Universität Kassel)
S. Lafortune (College of Charleston)	Y. Takeuchi (Shizuoka University)
J.H. Lee (Academia Sinica)	K.M. Tamizhmani (University of Pondicherry)
F.C. Liu (Tamkang University)	T. Tamizhmani (Kanchi Mamunivar, Pondicherry)
M. Mimura (Meiji University)	Y. Ueda (Future University, Hakodate)

Organizing Committee : K. Okamoto, T. Tokihiro, R. Willox
Graduate School of Mathematical Sciences, The University of Tokyo
3-8-1 Komaba, Meguro-ku, 153-8914 Tokyo, Japan
